Dear Sir / Madam:

**Re: The PSRA in partnership with ASIS Jamaica will hold consultations with
Private Security Industry Stakeholders, on June 11, 2015
at the Institute of Jamaica**

In keeping with the commitment given by the Private Security Regulation Authority (PSRA) to periodically provide opportunities for stakeholders to share their ideas and recommendations for the development of the Private Security Industry, the PSRA in partnership with ASIS Jamaica Chapter cordially invites you to another forum, in a series of consultations.

Our key note speakers are esteemed professionals in their fields, who will share their expertise relevant to the Private Security Industry. They will deliver presentations on the following topics:

- The Incorporation of the Private Security Industry into the National Security Architecture; and
- The expanded opportunities and challenges for the Private Security Industry in a Logistics Hub Economy.

The consultation will in addition to the key note presentations, harness your views and recommendations on:

- Proposals for the Amendment of the PSRA Act, to foster the alignment of the industry with international best practices. (Please peruse the PSRA Act by copying and pasting the following link in your browser http://www.psra.gov.jm/Pages/about_us.html); and
- The certification requirements for basic training standards of security professionals.
