Dear All,

**Re: Workshop for Trainers 2019**

The Private Security Regulation Authority (PSRA) is an Agency of the Ministry of National Security. The PSRA was established to regulate and monitor the operations of individuals and organizations in the Private Security Industry (PSI). Our vision is to become a more progressive and proactive regulator and be recognized as a centre of excellence for both the professionalism and integrity with which we advance international standards and best practices in the private security industry.

There are over 23,000 registered private security practitioners, approximately twice the number of the Jamaica Constabulary Force members. The rate of registration of private security practitioners has grown at an average of 6% per annum for the last ten years. We expect the growth rate to continue as there are opportunities for the expansion of the Private Security Industry.

The PSRA is the regulatory Authority charged with the registration of persons who serve the private security industry. Consequently, we invite you, as a valued stakeholder, to a workshop for Security Trainers themed '**Emphasizing Standards in the Private Security Industry**' on Friday March 29, 2019, from 8:00 am to 2:00pm at the Jamaica Conference Centre.

We looked forward to sharing plans, receiving your input and feedback on this critical aspect of the security industry.

Your participation is highly anticipated.

Yours sincerely,  
**Private Security Regulation Authority**

  
.....  
**Rick R. Harris (Mr.)**  
**Executive Director**
