

The Private Security Regulation Authority (PSRA) and the Firearm Licensing Authority (FLA) share a vital partnership. We were therefore happy to participate in the official opening of the FLA's newest office in Discovery Bay, St. Ann on Friday, 29th April 2022.

There are approximately 5,000 registered armed security guards, security trainers and private investigators in Jamaica. In the majority of cases, these security professionals are required to obtain and maintain a licence from the PSRA to legally participate in the Private Security Industry as well as to qualify for some of the different categories of firearm permits and licences issued by the FLA.

The opening of the FLA's Northern Regional Office in Discovery Bay will certainly improve the ease, convenience and time in which our shared clients in St. Ann, Trelawny and St. Mary can complete the application processes and remain compliant with the law.
